Remove

Remove the plastic plug at the end of the shaft.

Insert the adapter, Part Number 3376089, in the shaft to prevent damage. The adapter is included with the pulley installation tool, Part Number 3376326.

Note : If the adapter is not available, a [3/4-16 inch] capscrew with a head ground smaller than the pulley inside diameter can be used.

Put the puller on the pulley.

Remove the pulley.

Remove the adapter.
