Specifications

Fleetguard is a subsidiary of Cummins Inc. Fleetguard® filters are developed through joint testing at Cummins Inc. and Fleetguard. Fleetguard® filters are standard on new Cummins® engines. Cummins Inc. recommends their use.

Fleetguard® products meet all Cummins Inc. Source Approval Test standards to provide the quality filtration necessary to achieve the engine's design life. If other brands are substituted, the purchaser **must** insist on products the supplier has tested to meet Cummins Inc. high-quality standards.

Cummins Inc. can **not** be responsible for problems caused by non-genuine filters that do **not** meet Cummins Inc. performance or durability requirements.

When a lubricating oil filter (full flow) is used, a lubricating oil filter (bypass) **must** also be used.

Filters for Engines with Electronic Fuel Injectors

Cummins® Part Number	Fleetguard® Part Number	Filter Style
2882674	LF9080	Lubricating Oil Filter (Venturi Combo)
4058965	WF2076	Coolant Filter/Corrosion Resistor
5417137	FF5782NN	Fuel Filter, Stage 2 (NanoNet™ media)
4964097 or 4967838	FS19763	Fuel and Water Separator, Stage 1 (7 micron)
5279609	FS19663	Fuel and Water Separator, Spin-on (Pre-filters) (10 micron)
