Tool Number

ST-435-7

Fitting

Connects gauges when measuring various fuel pressures.

©Cummins Inc

st-435-7

Tool Number

3824877

Gauge

Used to measure the fuel pump pressure from 0 to 2758 kPa [0 to 400 psi]. Includes necessary hoses and hardware to attach to a fuel pump.

eg8togh

Tool Number

3376845

Fuel Pump/Air Compressor Wrench

Used to reach nuts when removing or installing the fuel pump or air compressor.

©Cummins Inc

3376845

Tool Number

3165000

Fuel Pump/Air Compressor Wrench

Used to reach nuts when removing or installing the fuel pump or air compressor.

©Cummins Inc

3376845

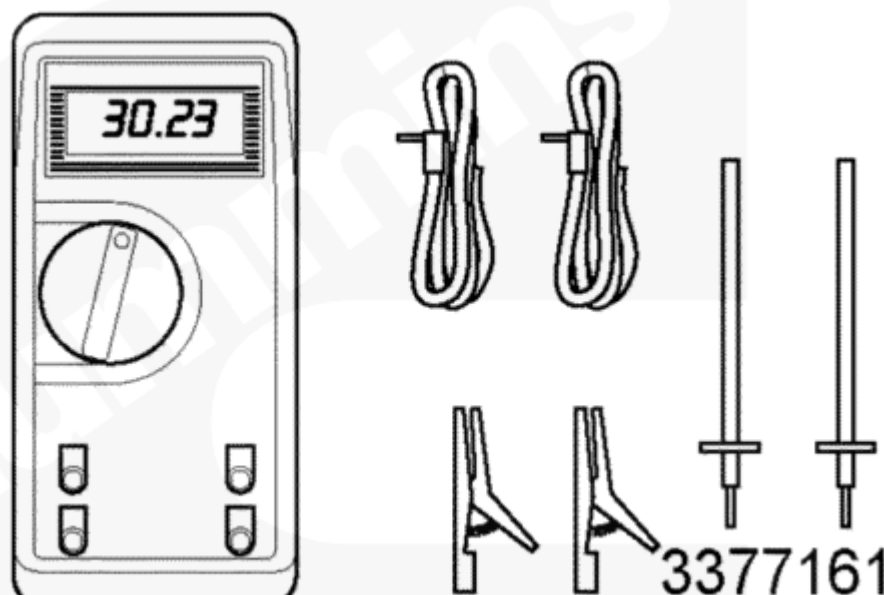

Tool Number

3377161

Digital Multimeter

Used to measure voltage (VDC) and resistance (Ohms) on the fuel shut-off solenoid.

©Cummins Inc

3377161

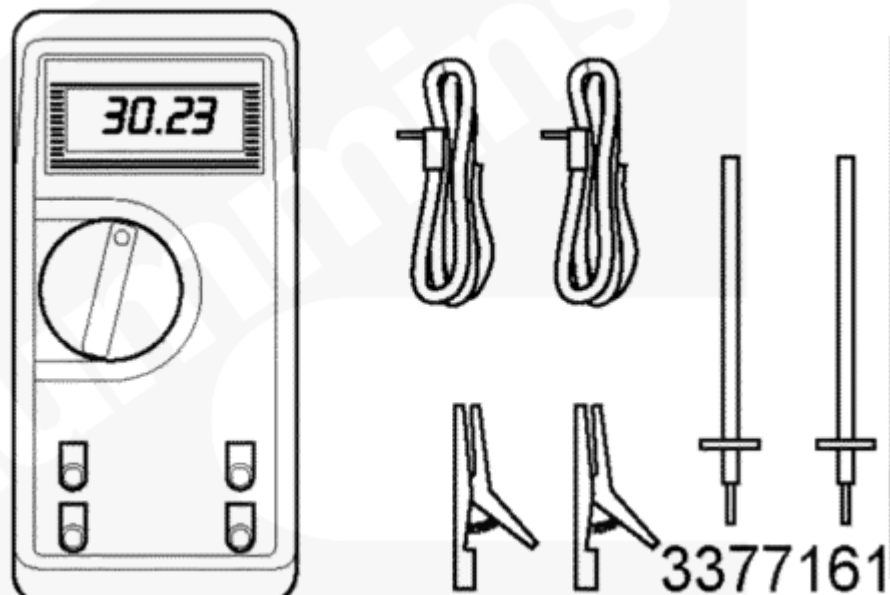

Tool Number

3164488

Digital Multimeter

Used to measure voltage (VDC) and resistance (Ohms) on the fuel shut-off solenoid.

©Cummins Inc

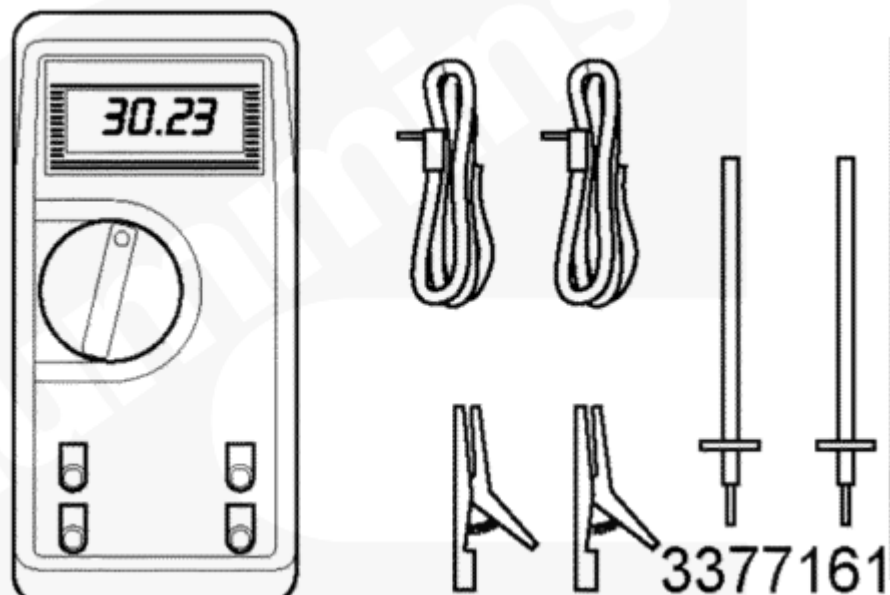

**Tool Number**

3164489

Digital Multimeter

Used to measure voltage (VDC) and resistance (Ohms) on the fuel shut-off solenoid.

©Cummins Inc

Tool Number

3824510

QD Contact Cleaner

A non-petroleum cleaner used to clean electrical connections.

©Cummins Inc

oi8togt

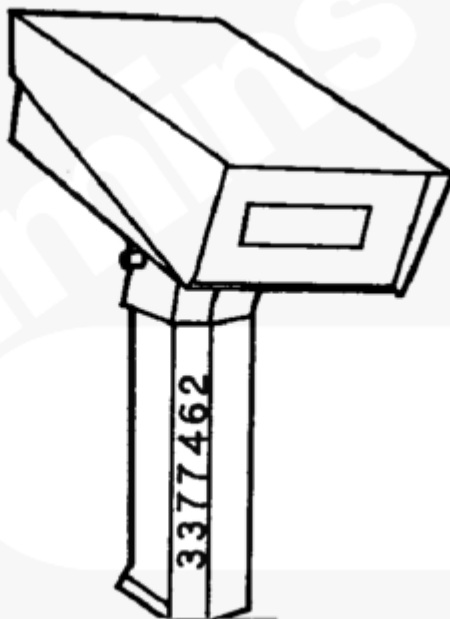

Tool Number

3377462

Optical Tachometer

Measure engine rpm. Use with reflective tape, Part Number 3377464.

©Cummins Inc

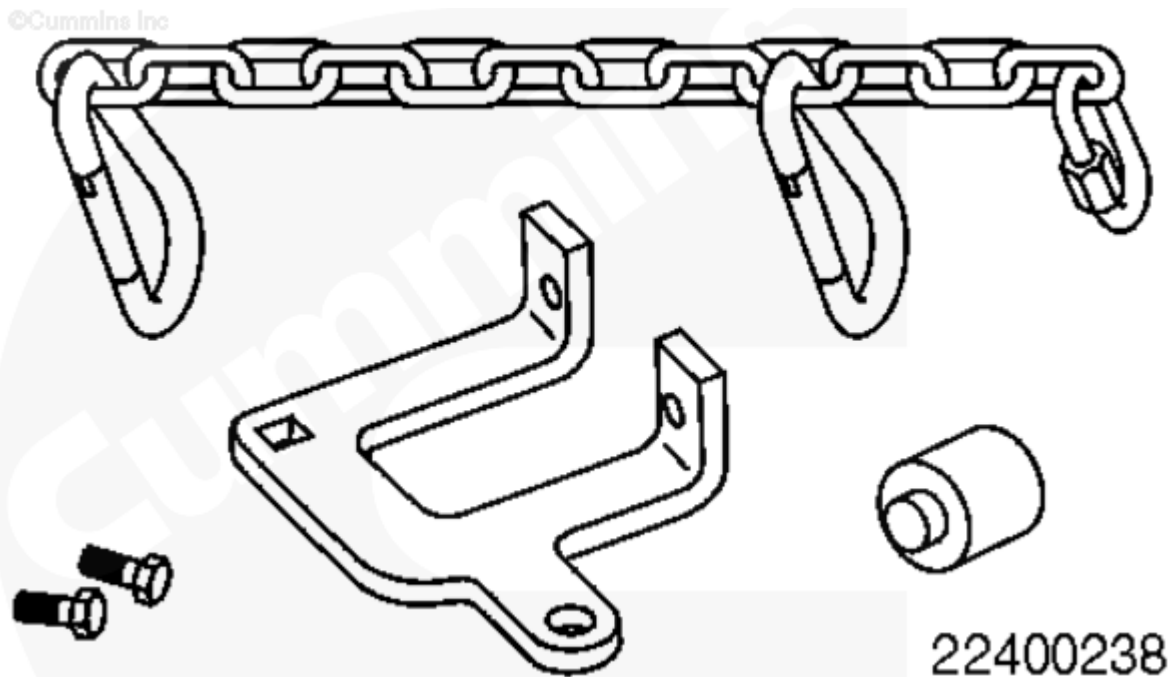

3377462,

Tool Number

4918227

Fuel Pump Removal and Installation Tool

Used to aid in the removal and installation of the fuel pump on engines with electronically actuated injectors.

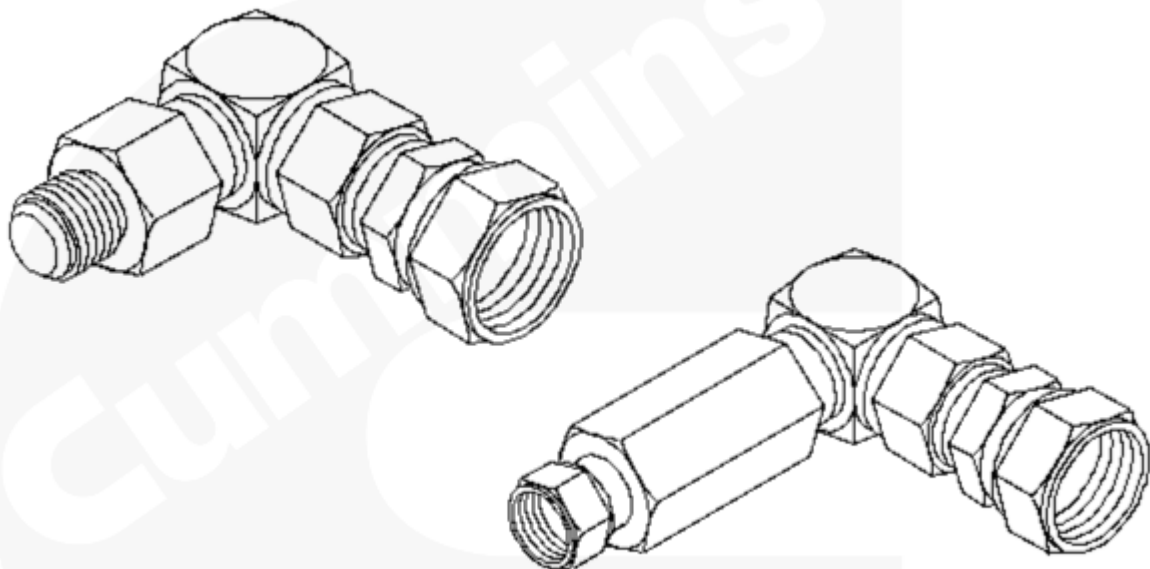

Tool Number

3824875

Adapter S-Tool Kit

Used to hook QSK fuel pump to a fuel pump test stand.

©Cummins Inc

05400069

Tool Number

3375698

Fuel Pump Test Stand

Used to check the calibration of the fuel pump.
