General Information

Most of the maintenance operations described in this manual can be performed with common hand tools (metric wrenches and sockets).

The following is a list of special service tools required for some maintenance operations:

Tool Part Number	Description
3397929	Oil Filter Wrench
3376592	Inch-Pound Torque Wrench
3398145	Water/Fuel Filter Wrench
3164750	Belt Tension Gauge - Industrial Engines

Refer to the appropriate sections for a description of the tools and how to use them.

Contact the nearest Cummins Authorized Repair Location for the required service tools.
