Engine Testing

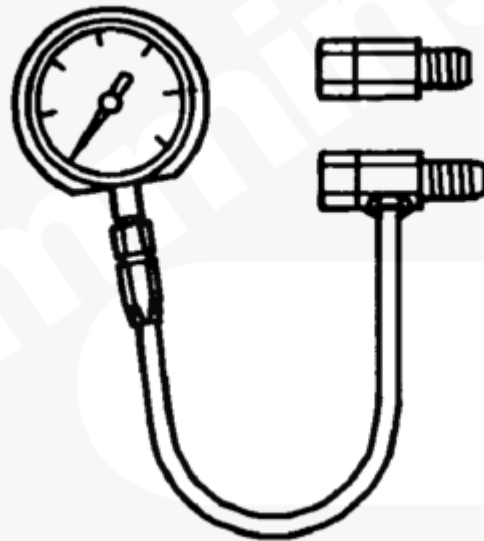

Tool Number

ST-434

Vacuum Gauge

Used to check fuel filter or intake air restriction.

©Cummins Inc

eg8togc

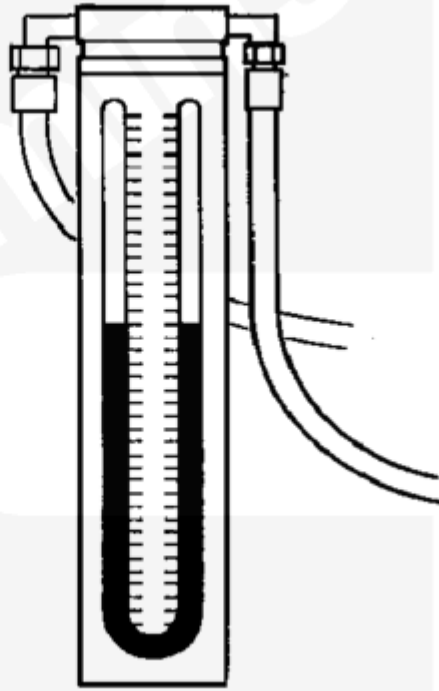

Tool Number

ST-1111-3

Manometer

Used with blowby checking tool.

©Cummins Inc

eg100ja

Tool Number

ST-1135

Lubricating Oil Sampling Filter

Used to monitor oil contamination.

©Cummins Inc

st-1135

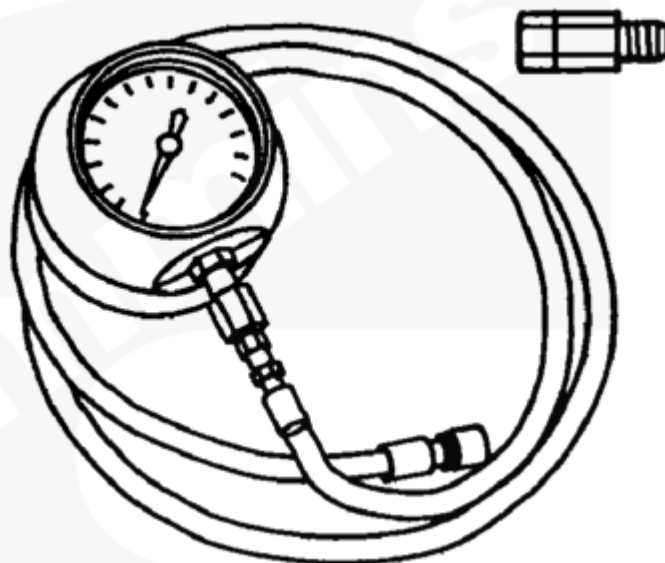

Tool Number

ST-1273

Pressure Gauge [0-75 In-Hg]

Used to measure intake manifold pressure and fuel drain line restriction.

©Cummins Inc

eg8togi

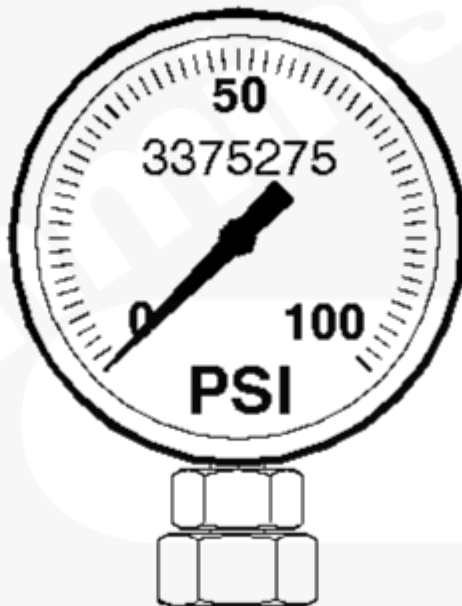

Tool Number

3375275

Pressure Gauge [0-160 psi]

Used to measure lubricating oil pressure.

©Cummins Inc

3375275

Tool Number

3375932

Pressure Gauge [0-300 psi]

Used to measure fuel pressure. Includes necessary hoses and hardware to attach to a fuel pump. Part Number ST-435-6 is the pressure gauge.

©Cummins Inc

eg8togh

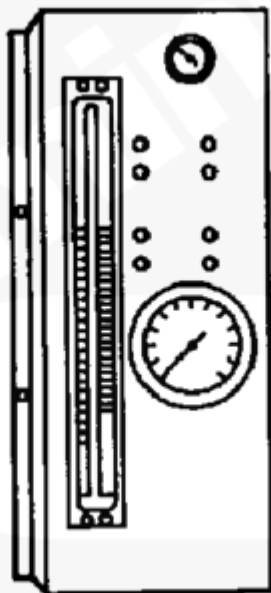

Tool Number

3376375

Fuel Measuring Device

Measure the rate of fuel consumption of a Cummins diesel engine.

©Cummins Inc

eg8togf

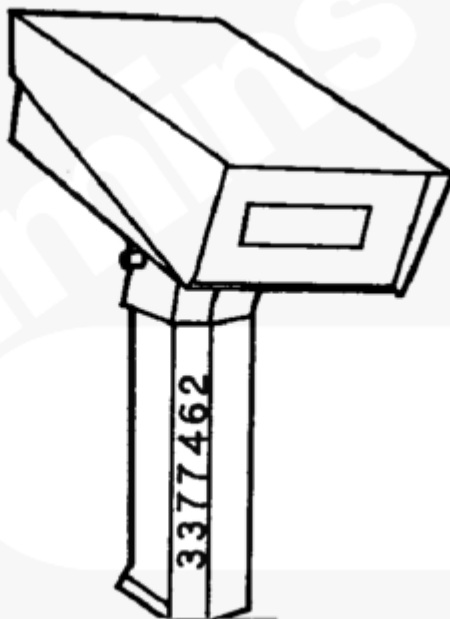

Tool Number

3377462

Digital Optical Tachometer

Used to measure engine speed (RPM). Use with reflective tape, Part Number 3377464.

©Cummins Inc

3377462,

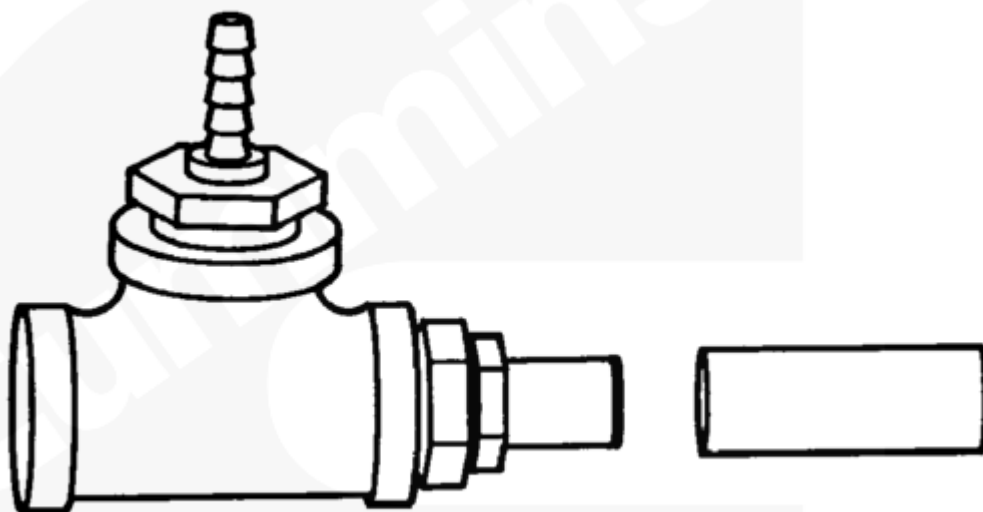

Tool Number

3822566

Blowby Check Tool (0.302 inch orifice)

Used with manometer, Part Number ST-1111-3, to measure the engine crankcase pressure.

©Cummins Inc

eg8toge

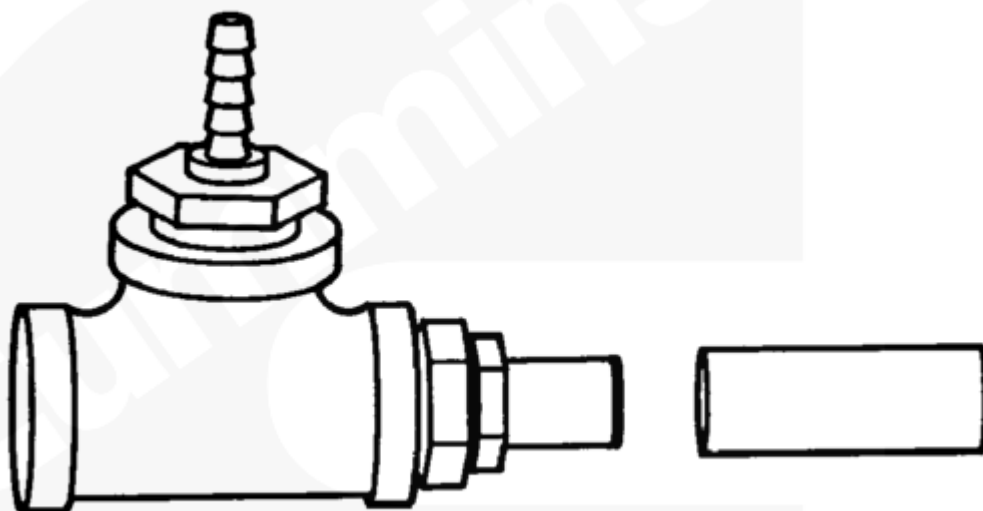

Tool Number

3823567

Blowby Check Tool (0.354 inch orifice)

Used with manometer, Part Number ST-1111-3, to measure the engine crankcase pressure.

©Cummins Inc

eg8toge

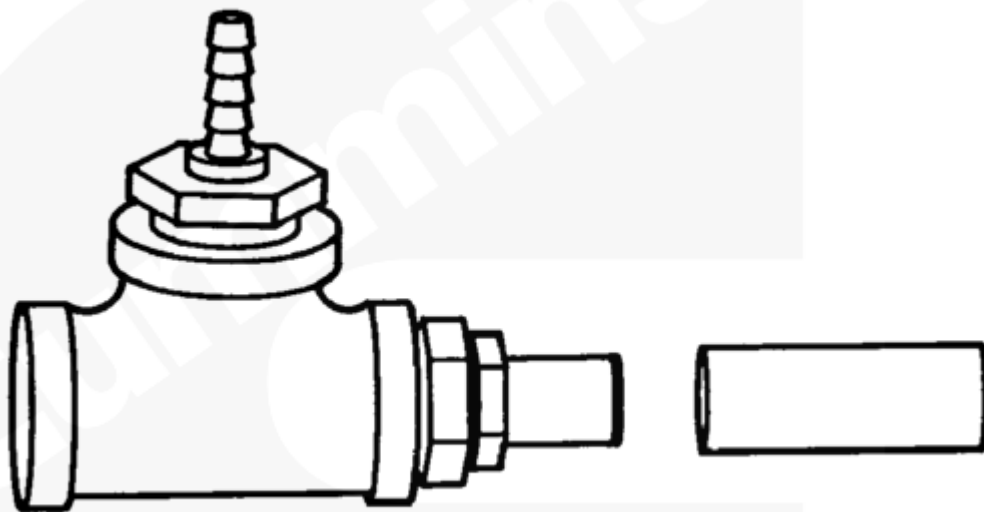

Tool Number

3822568

Blowby Check Tool (0.406 inch orifice)

Used with manometer, Part Number ST-1111-3, to measure the engine crankcase pressure.

©Cummins Inc

eg8toge

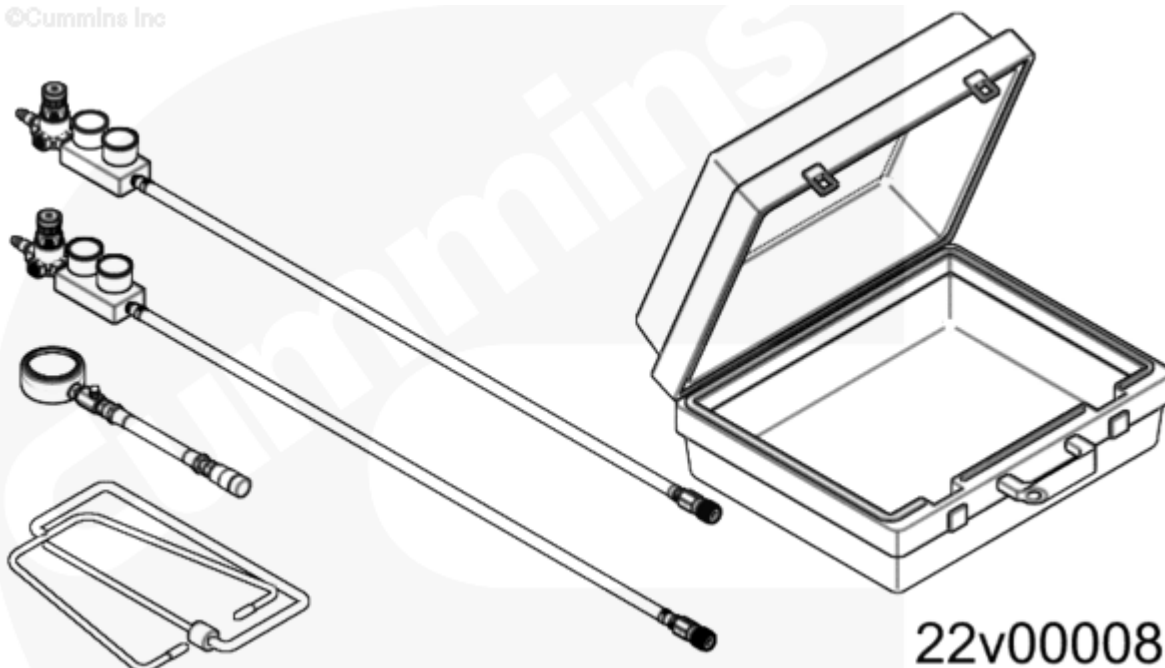

Tool Number

5394335

Cylinder Diagnostic Tool

Used to perform compression and leak down tests.

©Cummins Inc
