Added to oil and used with black light to find oil leaks.

©Cummins Inc

3376891

Tool Number

3163337

Black Light (100 watt)

Used to inspect for oil or fuel leak.

©Cummins Inc

3377253

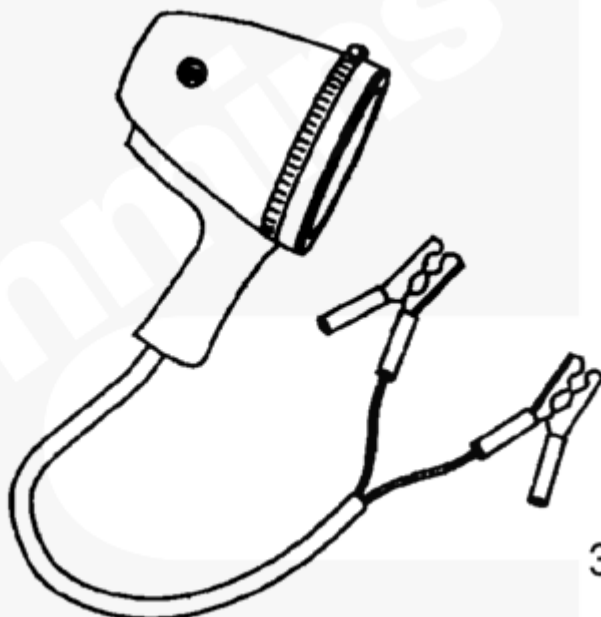

Tool Number

3163338

Black Light (50 watt)

Used to inspect for oil or fuel leak.

©Cummins Inc

3377394

Tool Number

3822988

Thermocouple Wire Kit

Used with fluke digital thermometer.

©Cummins Inc

3822666

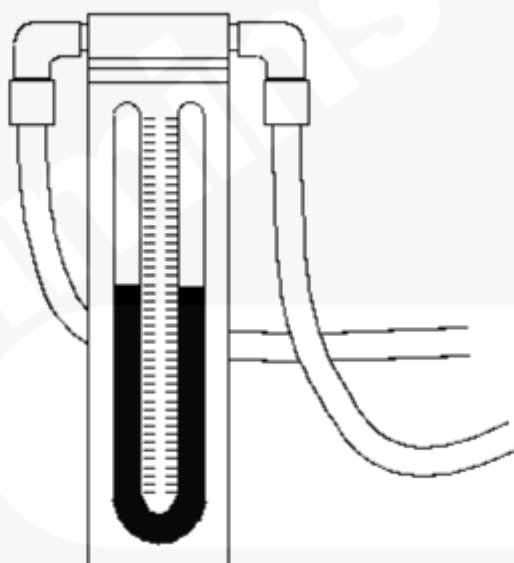

Tool Number

ST-1111-3

Slack Tube Manometer

Used to measure pressure differential.

©Cummins Inc

st-1111-3

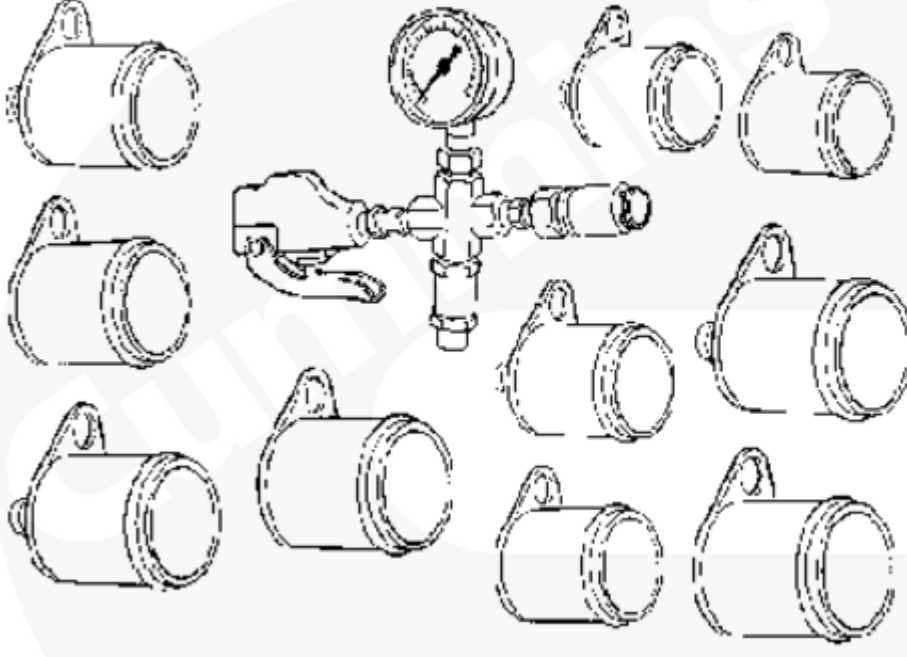

Tool Number

3824556

Charge-Air Cooler Tester

Used to pressure-test charge air coolers.

©Cummins Inc

22d00111

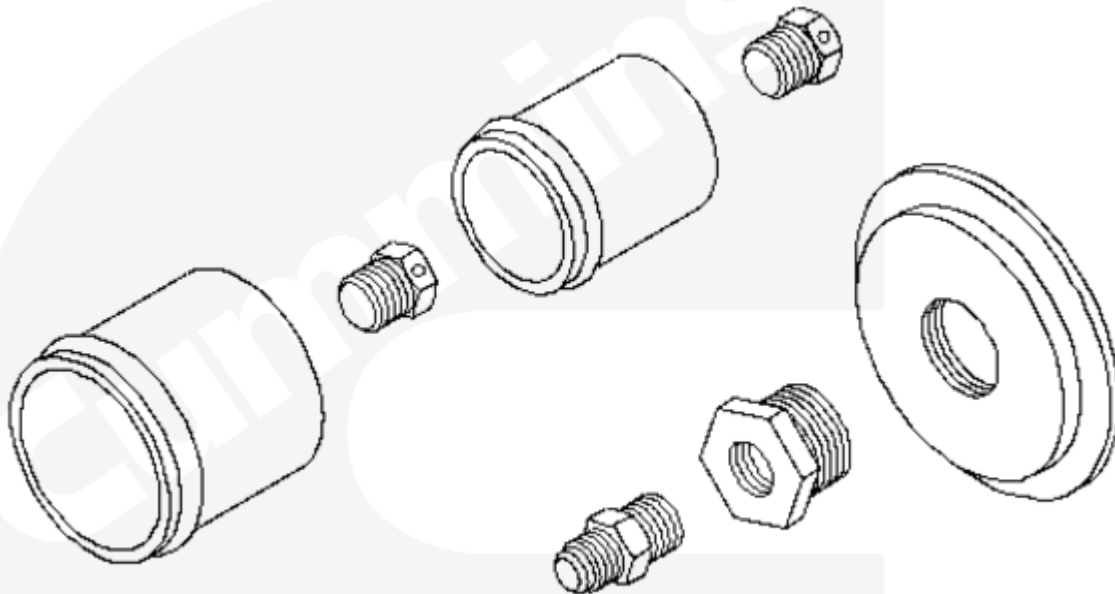

Tool Number

3164682

Turbocharger Coolant Leak Test Kit

Aids in diagnosing turbocharger coolant leaks.

©Cummins Inc

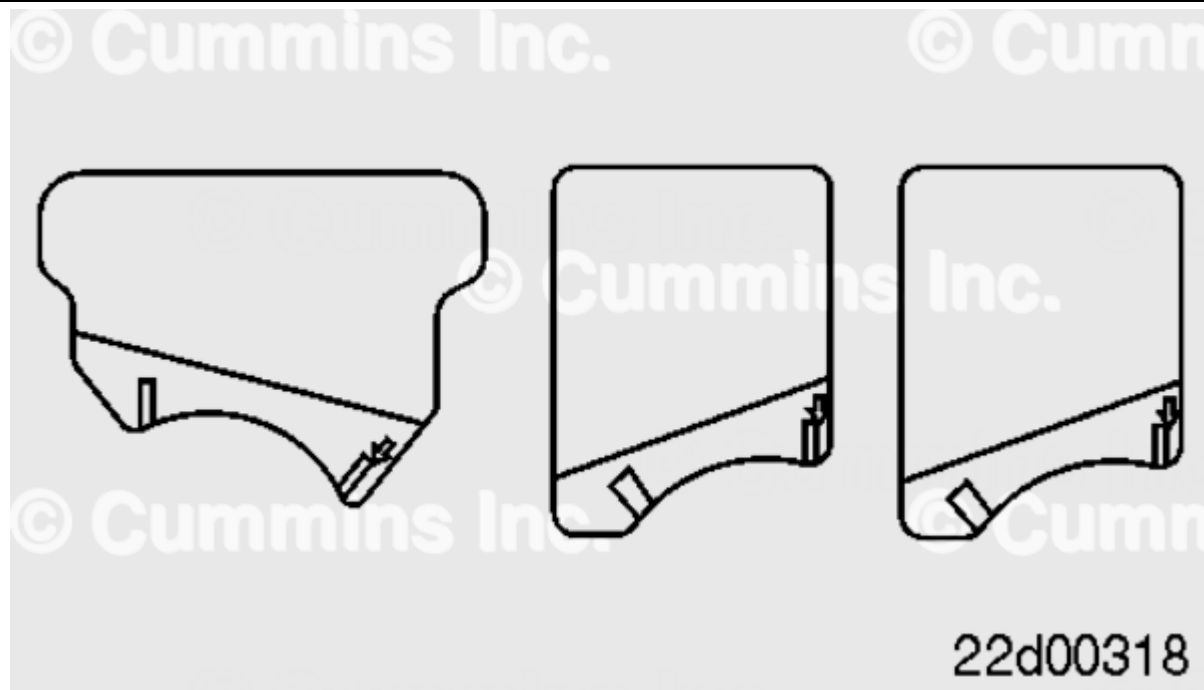

22200129

Tool Number

4919281

Turbocharger Actuator Inspection Gauge Kit

Used to determine if the variable geometry turbocharger has full travel of the sector gear.

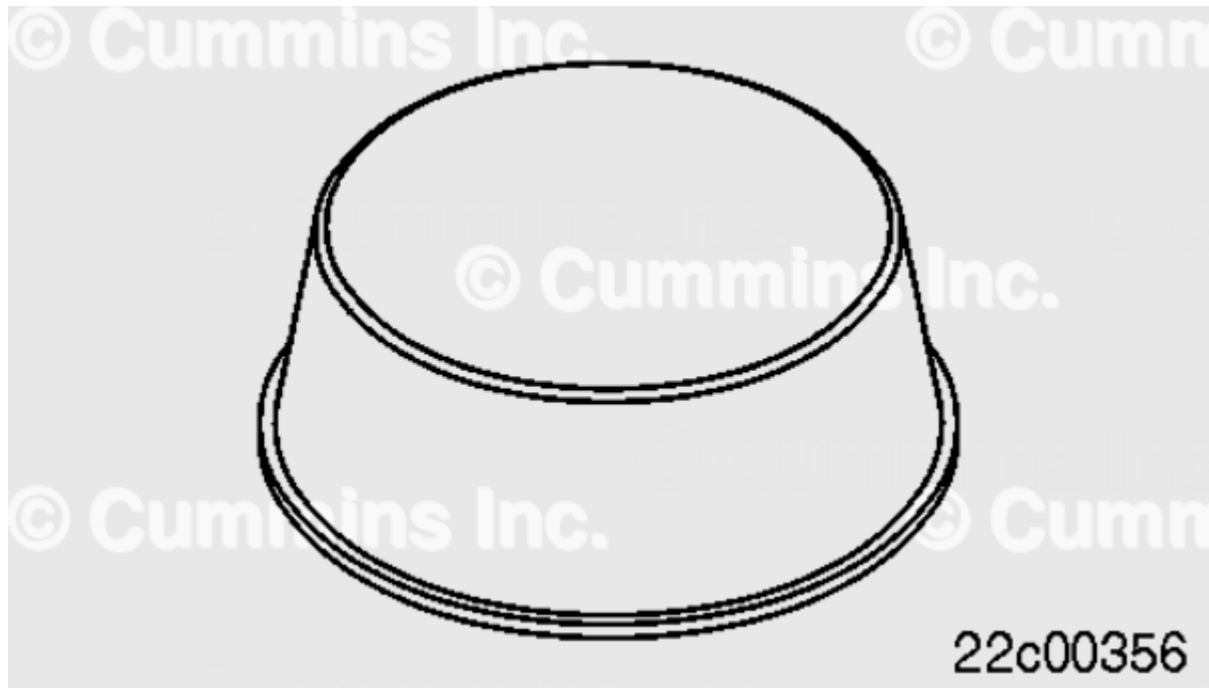

Tool Number

4919404

Air Handling Clean Care Kit for ISM Engine Components

Contains a variety of protective caps to prevent contamination of engine air handling plumbing during service procedures.

Tool Number

4919425

Air Handling Clean Care Kit for Vehicle Plumbing

Contains a variety of protective caps to prevent contamination of vehicle air handling plumbing during service procedures.
