### Electronic Engine Controls

#### Tool Number

2892092

#### Data Link Adapter Kit

INLINE™ 6 adapter and associated cables are used to connect a computer to an engine data link.

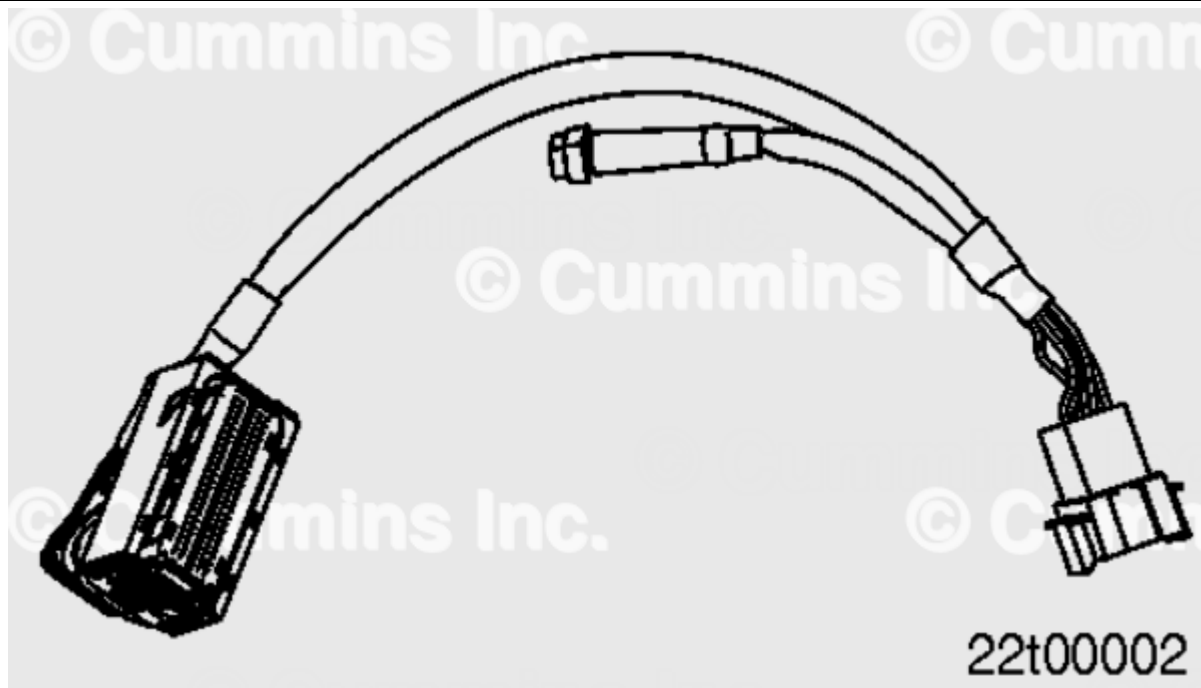

**Tool Number**

2892289

**Benchtop Calibration Cable**

Used with parent cable, Part Number 3163151, power adapter, Part Number 3824102, and the INLINE™ II adapter, Part Number 3163095.

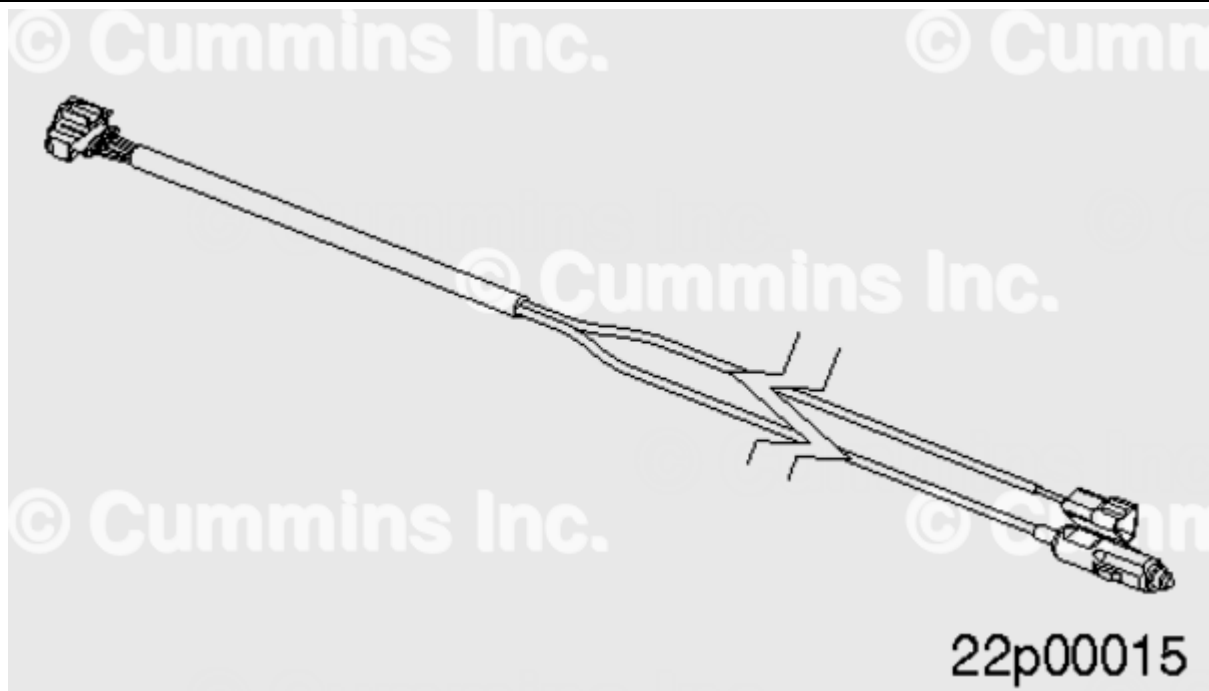

**Tool Number**

2892467

**NOx Sensor Service Tool: 2010 Engines**

The harness allows the inlet and/or outlet NOx sensor to be isolated from the engine wiring harness and/or the original equipment manufacturer (OEM) wiring harness for testing on 2010 engines.

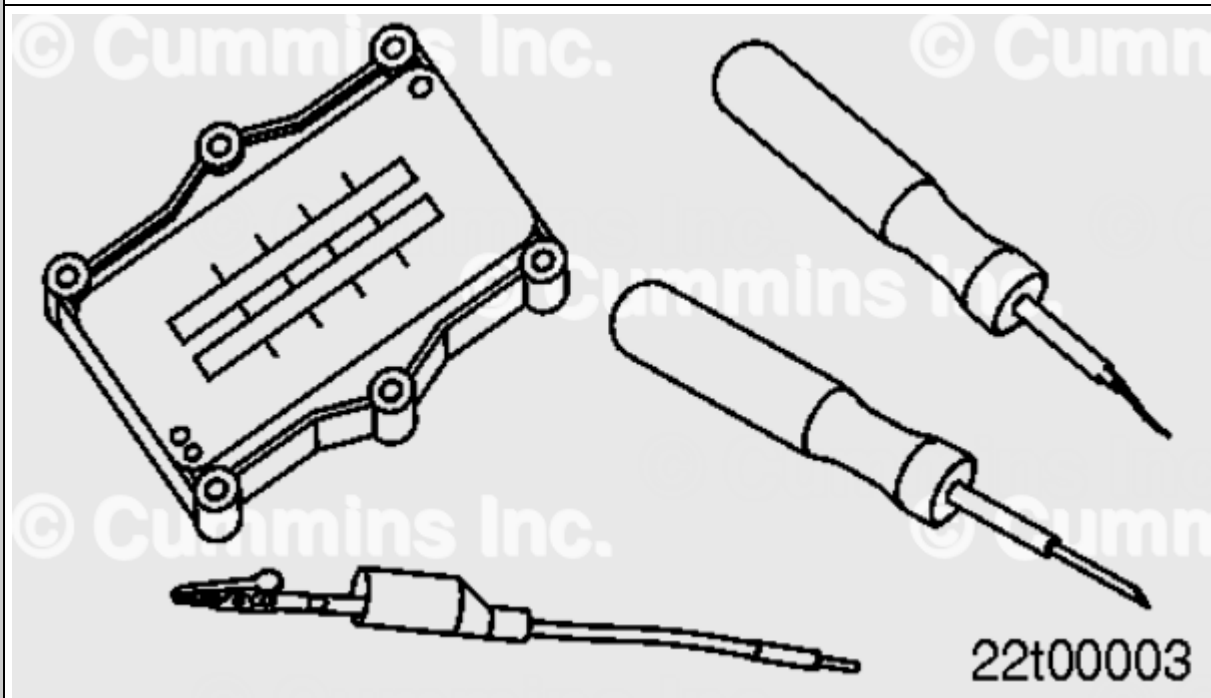

**Tool Number**

2892512

**Wiring Repair Kit**

This kit contains various connectors and tools used to repair wiring harnesses.

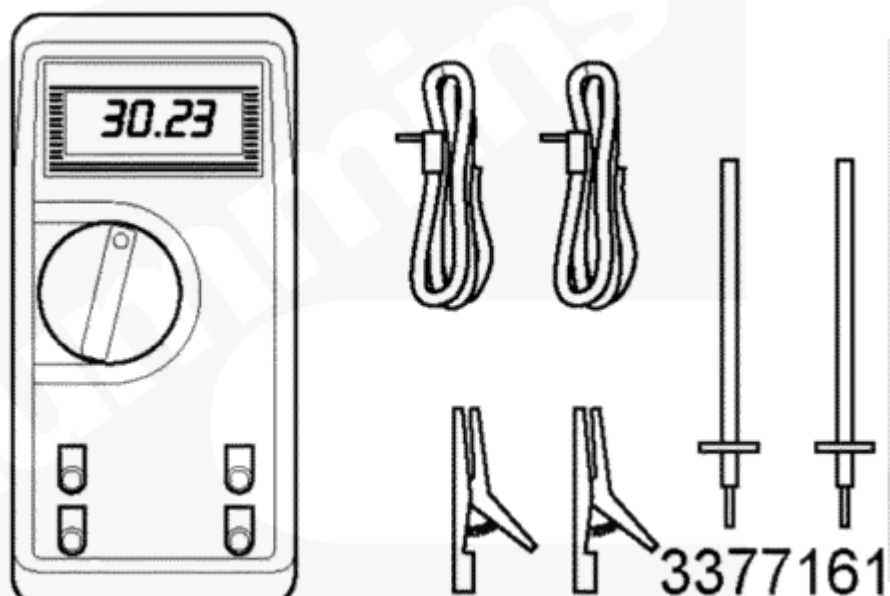

**Tool Number**

3164488

**Multimeter**

Used to measure electrical circuits; voltage (volts), resistance (ohms), and current (amps).

©Cummins Inc

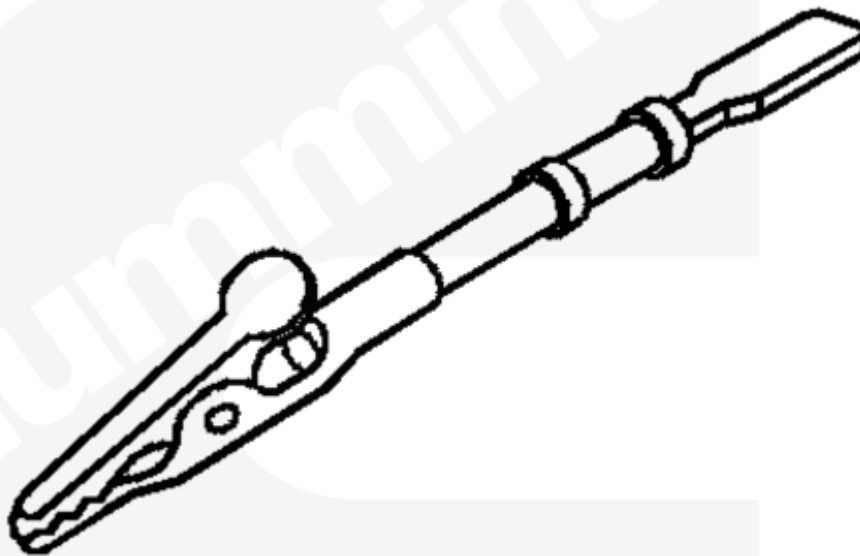

**Tool Number**

3164596

**Framatome™ Male Test Lead**

Used to test electrical circuits.

©Cummins Inc

3164596

**Tool Number**

3164597

**Framatome™ Female Test Lead**

Used to test electrical circuits.

©Cummins Inc

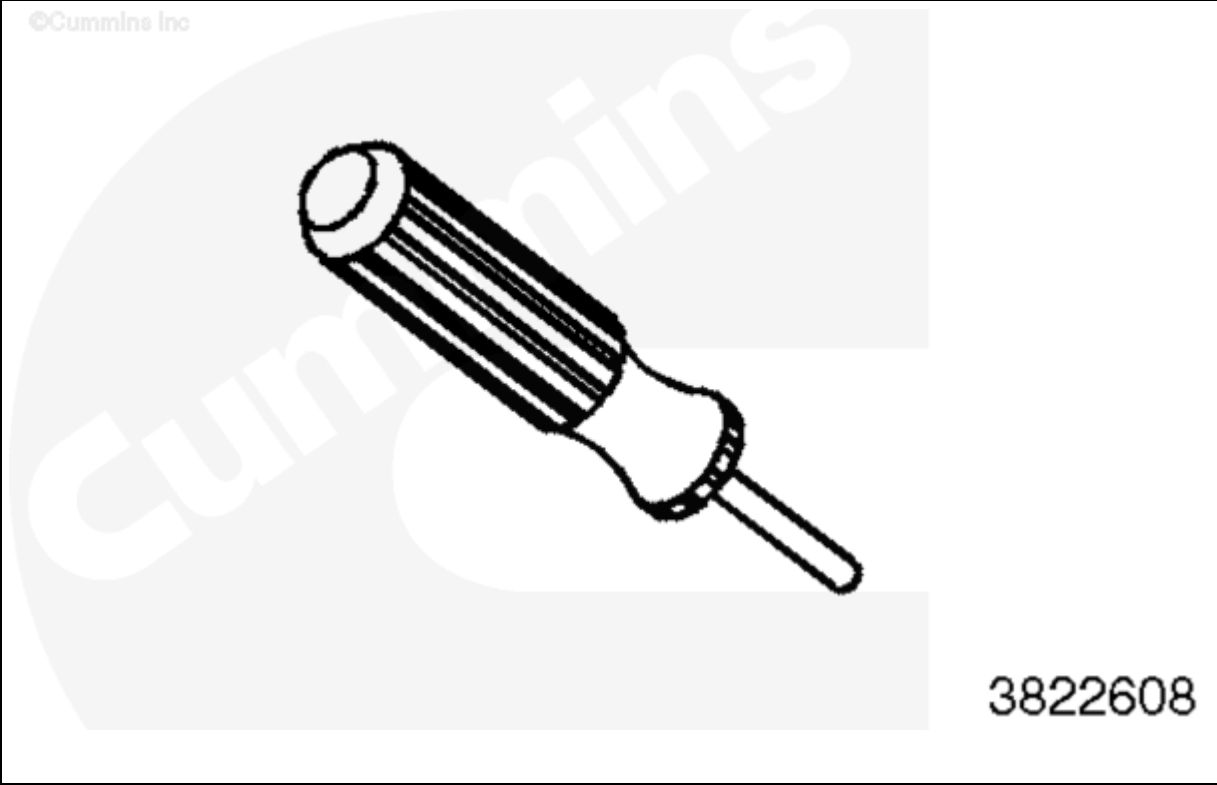

3164597

**Tool Number**

3822608

**Weather-Pack™ Terminal Removal Tool**

Used to repair Weather-Pack™ connectors.

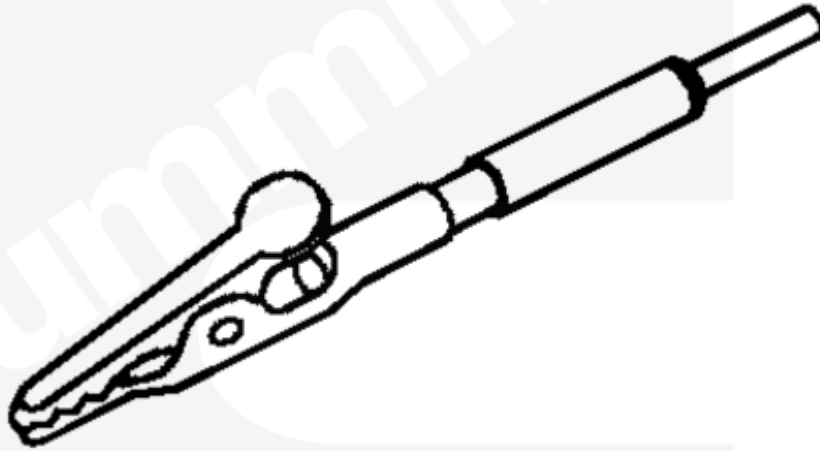

**Tool Number**

3822758

**Deutsch™ Male Test Lead**

Used to test electrical circuits.

©Cummins Inc

3822758

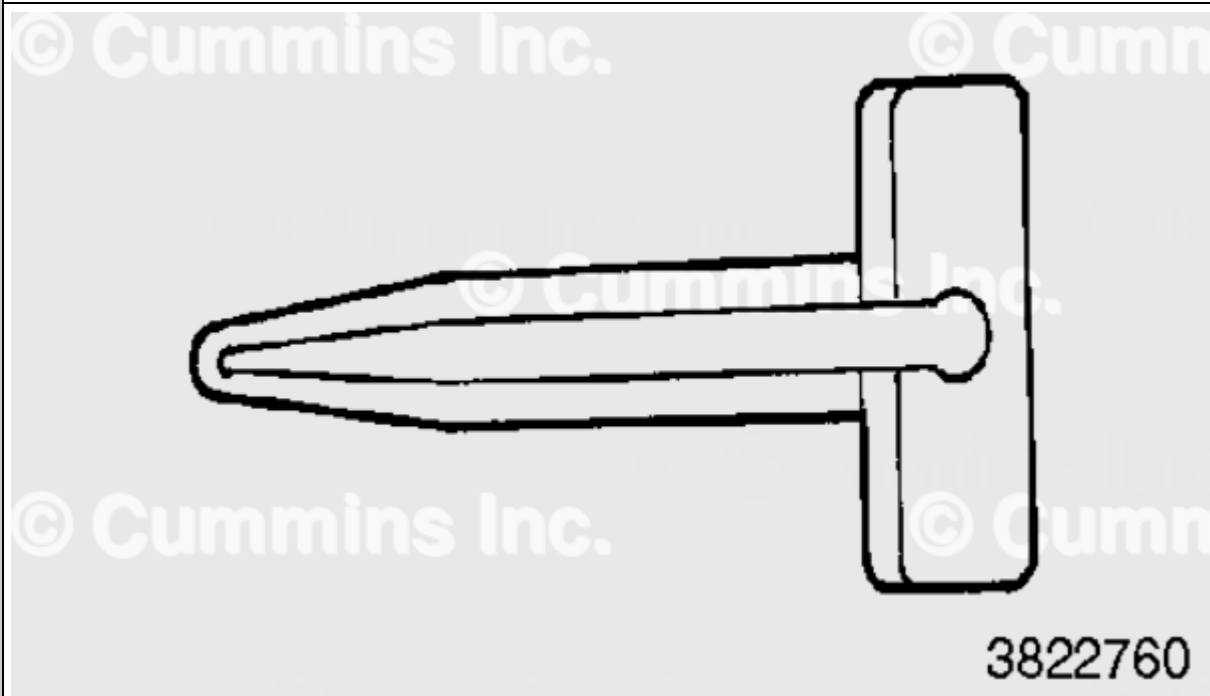

**Tool Number**

3822760

**Deutsch™ Terminal Removal Tool (Blue)**

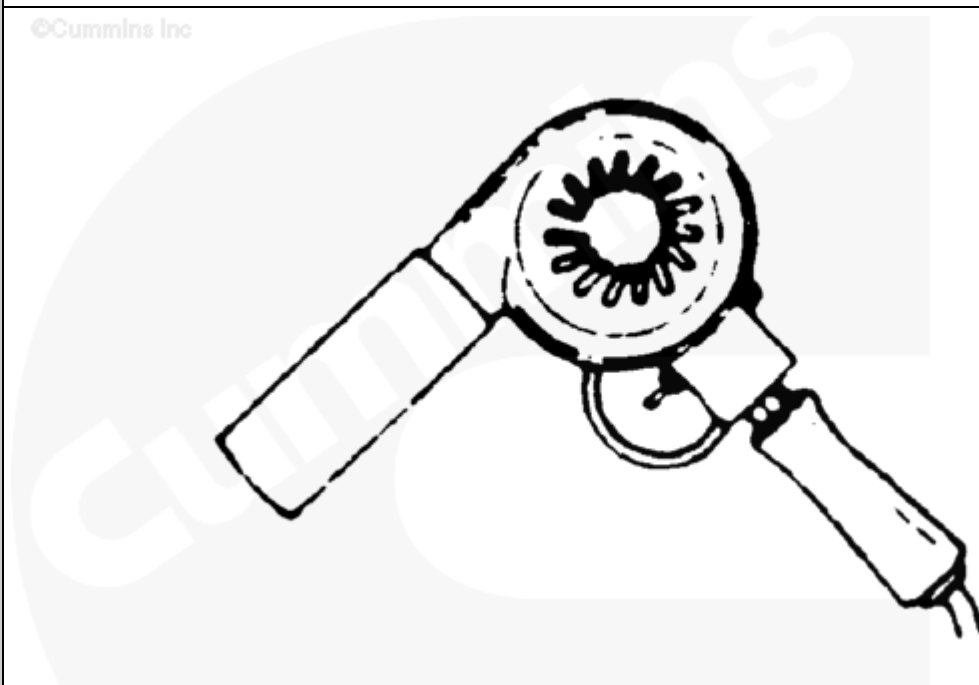

Used to repair Deutsch™ connectors.

**Tool Number**

3822860

**Heat Gun**

Used to repair connector wires.

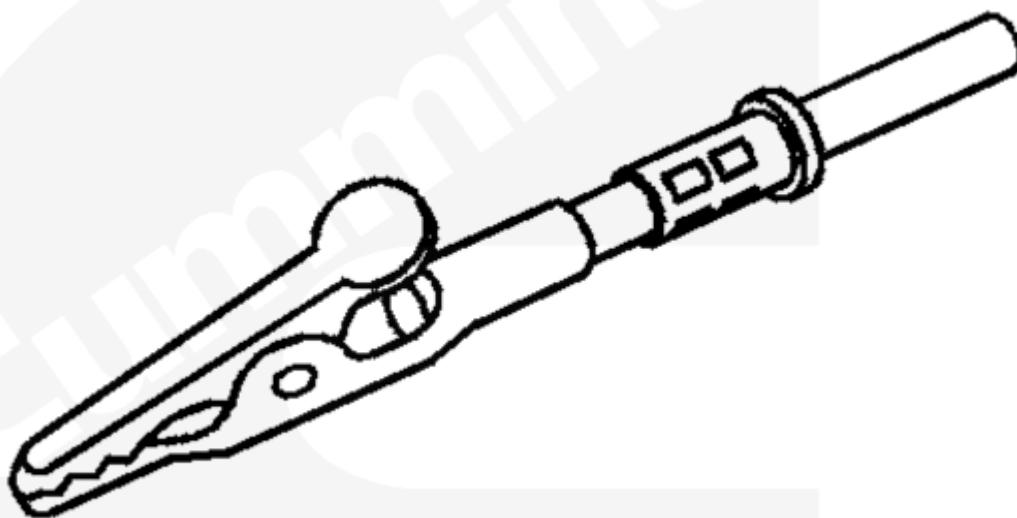

**Tool Number**

3822917

**Deutsch™ Female Test Lead**

Used to test electrical circuits.

©Cummins Inc

3164132

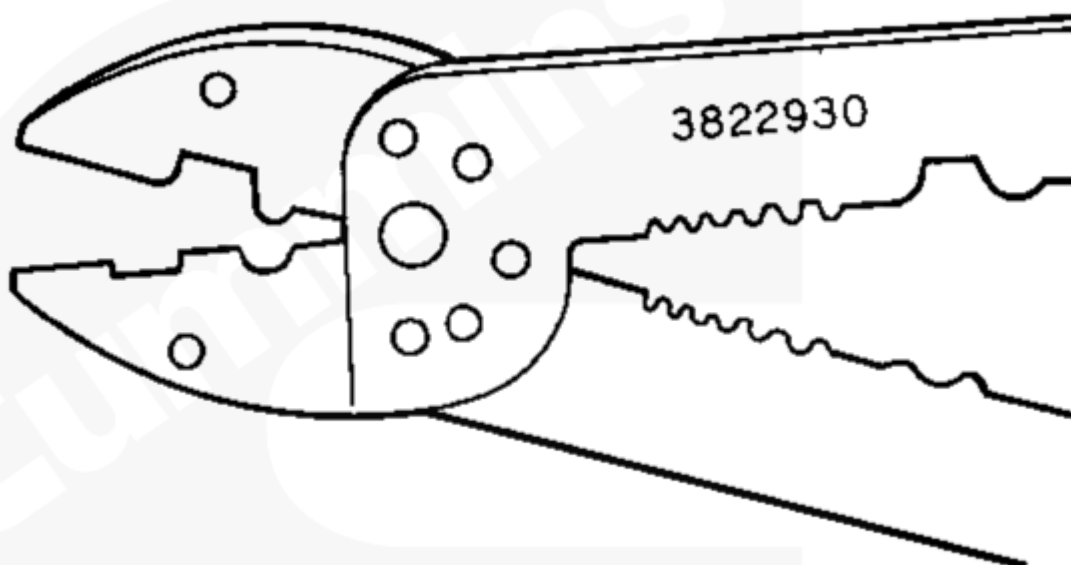

**Tool Number**

3822930

**Wire Crimping Pliers**

Used when repairing connector wires.

©Cummins Inc

3822930

**Tool Number**

3823843

**Deep Well Socket (1-1/4 inch)**

Used to remove and install sensors and actuators.

©Cummins Inc

3823843

**Tool Number**

3824510

**Electrical Contact Cleaner**

Used to clean electrical contacts and connectors.

©Cummins Inc

oi8togt

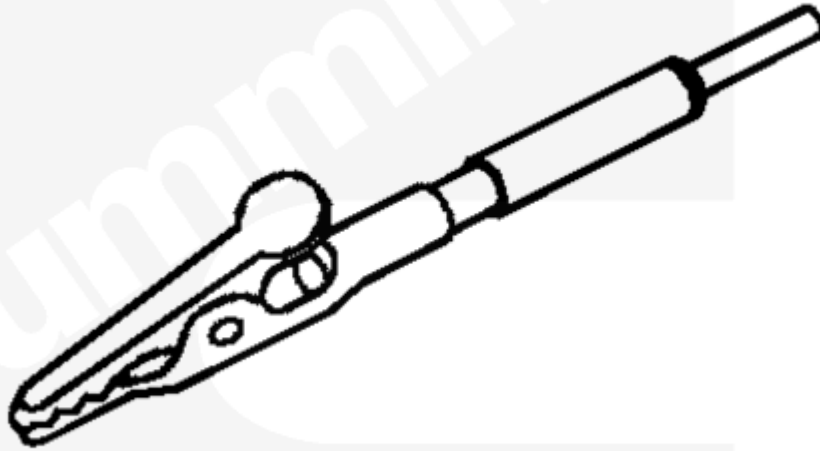

**Tool Number**

3824811

**Deutsch™ Male Test Lead**

Used to test electrical circuits.

©Cummins Inc

3164133

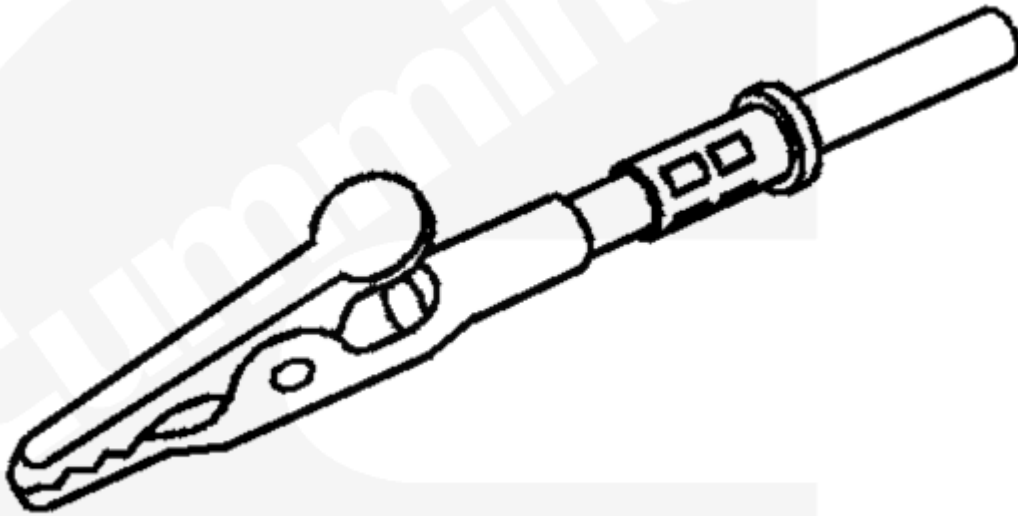

**Tool Number**

3824812

**Female Deutsch™ Test Lead**

Used to test electrical circuits.

©Cummins Inc

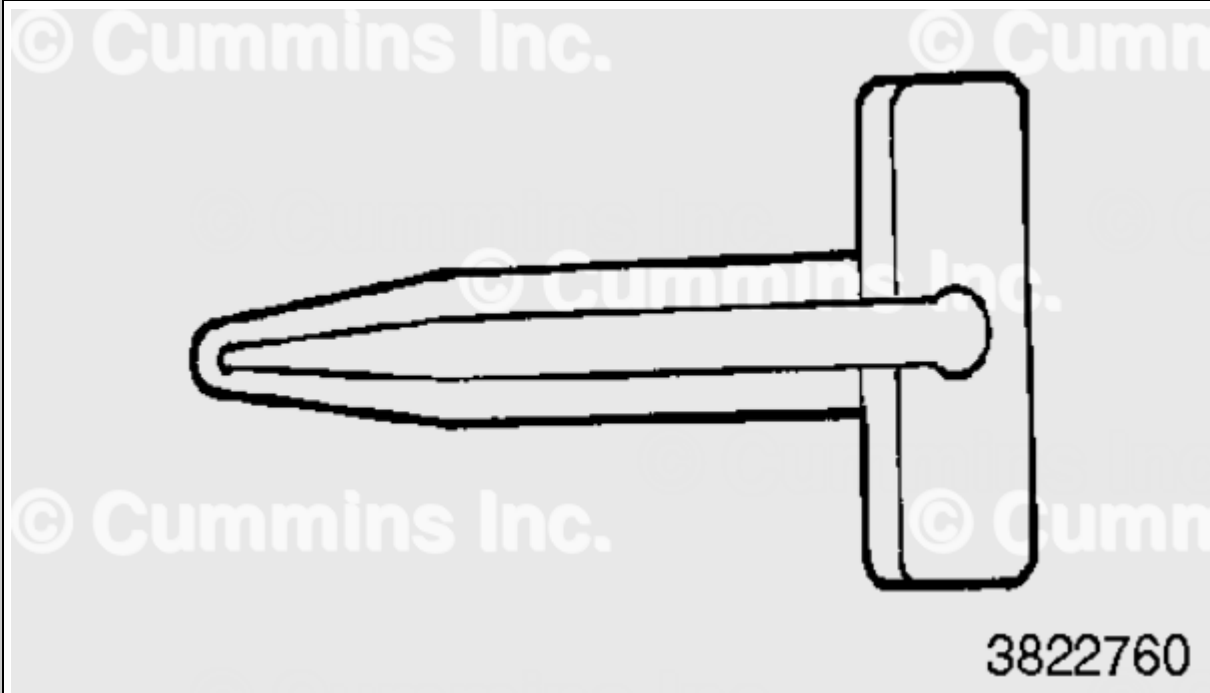

3164132

**Tool Number**

3824816

**Deutsch™ Terminal Removal Tool (Yellow)**

Used to repair Deutsch™ 9-pin connectors.

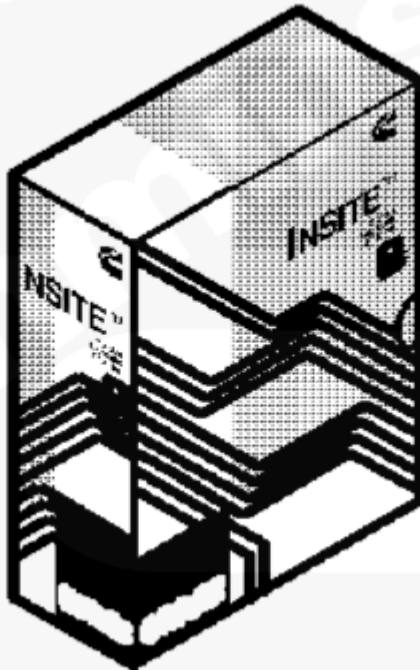

**Tool Number**

3886388

**INSITE™ Electronic Service Tool Software Kit**

Used to troubleshoot, program, and adjust engines with electronic controlled fuel systems.  
Refer to a Cummins® Authorized Repair Location for the latest revision.

## Tool Number

5298821

## NOx Sensor Service Tool: 2013 Engines

The harness allows the inlet and/or outlet NOx sensor to be isolated from the engine wiring harness and/or the OEM wiring harness for testing on 2013 engines.

## Tool Number

5299465

## J1939 Component Isolation Kit

Used to bypass Original Equipment Manufacturer (OEM) wiring for power, ground, and J1939 data link signal for J1939 components.
