E-Type Holset® Air Compressor and Air Dryer Compatibility

E-Type Holset® Air Compressor and Air Dryer Compatibility

Warranty Statement

The information in this document has no effect on present warranty coverage or repair practices, nor does it authorize TRP or Campaign actions.

Contents

This Technical Service Bulletin communicates to the field the following information:

- Technical description of the E-Type Holset® Air Compressor and air dryer compatibility
- Engine population affected
- Parts and kit listings.

It is recommended to use **only** E-Type compatible air dryers with Holset® QE, SS, and ST E-Type air compressors. Use of these air dryers will help to avoid excessive oil carry-over associated with incompatibility issues. For more information on air compressor and air dryer recommendations on plumbing and installation please contact 1-800-4Holset.

The E-Type compatible air dryers are listed in the table below.

Note : There is a Bendix Drop-in AD-9 with hard seat dryer available. When servicing the engine, **only** the Bendix Drop-in AD 9 with soft seat is compatible with the E-Type Holset® air compressors.

E-Type Air Compressor and Compatible Air Dryers	
Air Compressor Model	E-Type Compatible Air Dryers
	Chicago Rawhide Brakemaster: Turbo-AC, Turbo-2000, and Turbo-3000
Holset® QE E-Type	Bendix Drop-in Models - AD-9 with soft seat, ADSP, ADIP
Holset® ST E-Type	ANCHORLOK Condenser
Holset® SS E-Type	Wabco System Saver 1200E
	Midland Pure Air Plus

All engines with the Holset® QE, ST, and SS, E-Type Air Compressors are affected by this recommendation.
