Tool Number

3164491

Pressure/Vacuum Module

Used to measure fuel pressure and restriction. Use with multimeter, Part Number 3164488 or 3164489.

©Cummins Inc

22d00104

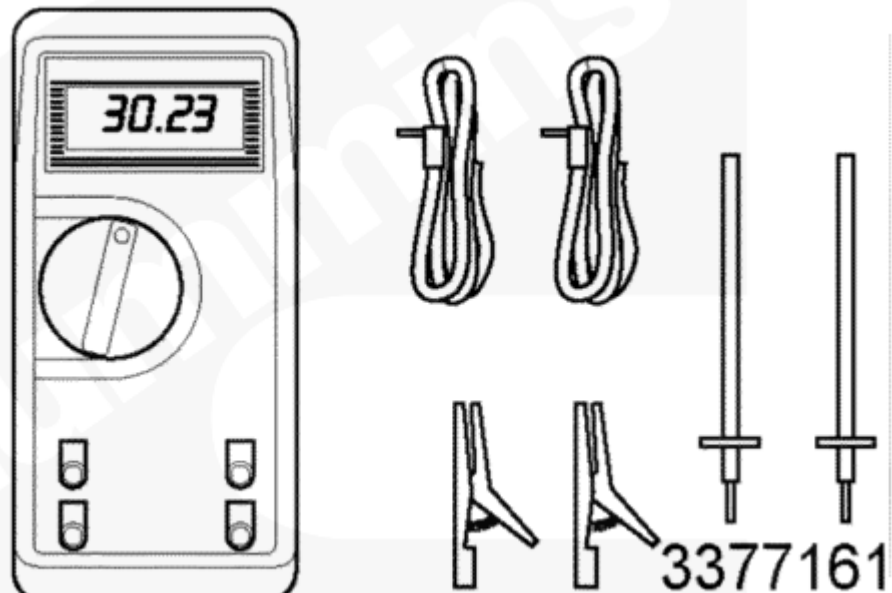

Tool Number

3164488

Digital Multimeter

Used to measure electrical circuits: Voltage (volts), resistance (ohms), and current (amps).

©Cummins Inc

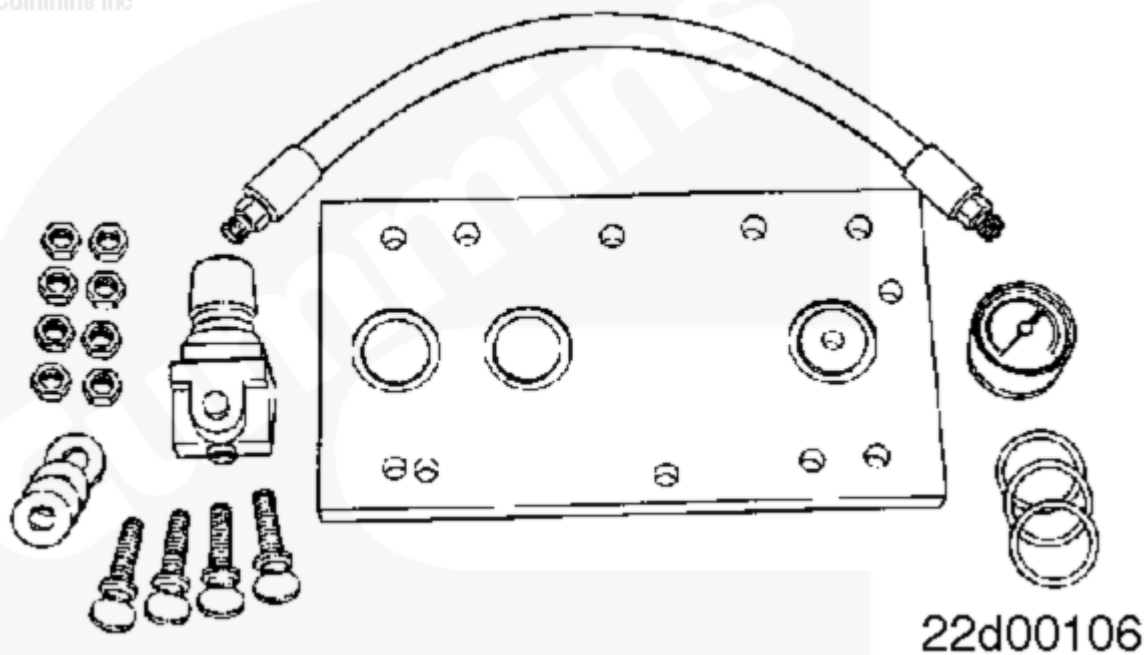

**Tool Number**

3823876

Lubrication Oil Cooler Test Kit

Used to test the lubrication oil cooler for leaks.

©Cummins Inc

Tool Number

3823875

Dipstick Install/Remove

Used to remove and install the lubrication oil dipstick.

©Cummins Inc

22d00107

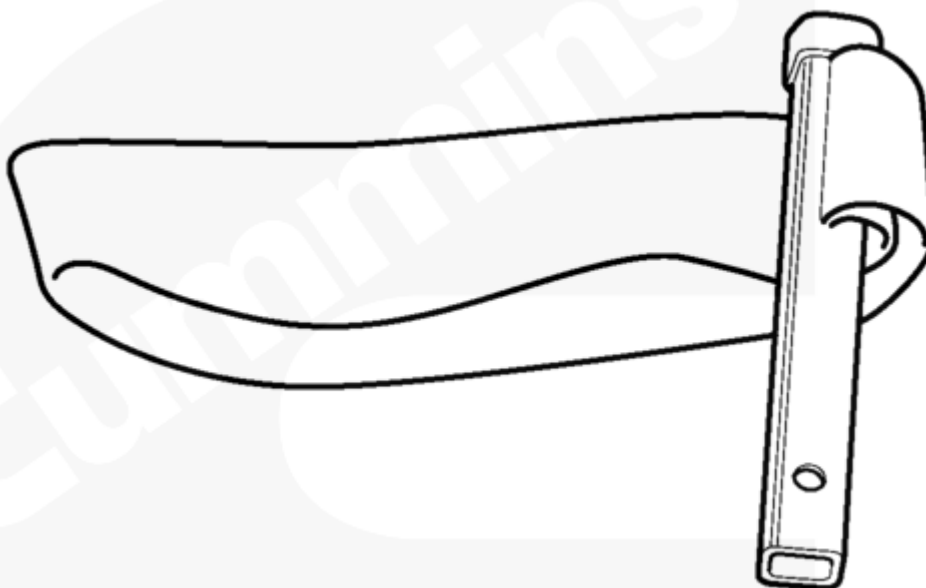

Tool Number

3400158

Oil Filter Wrench

Used to remove oil filter.

©Cummins Inc

22d00215

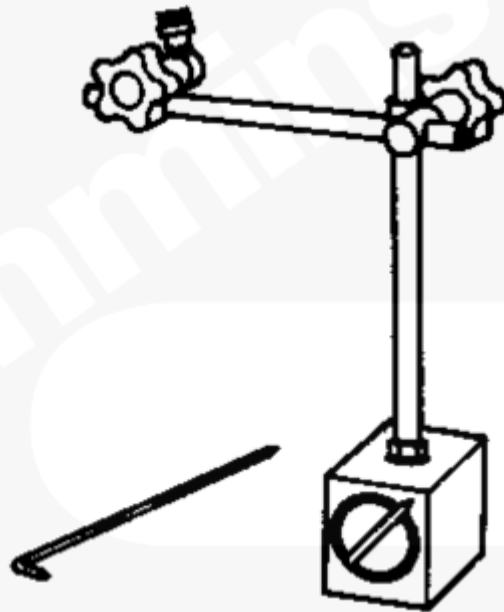

Tool Number

3377399

Magnetic Base

Can be used with Metric Indicator Part Number 3824564 or SAE Indicator Part Number 4918289.

©Cummins Inc

3377399

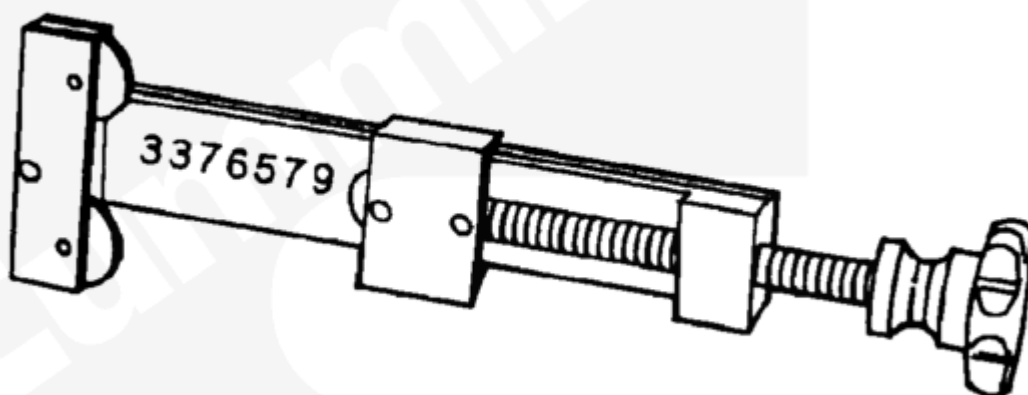

Tool Number

3376579

Tube (Filter) Cutter

Used to cut open the filter to permit inspection of the filter element.

©Cummins Inc

3376579

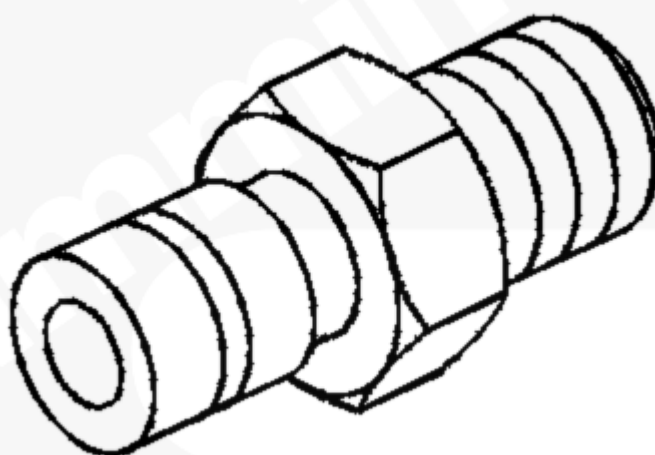

Tool Number

3824842

Compucheck® Fitting

Used to measure fuel inlet restriction.

©Cummins Inc

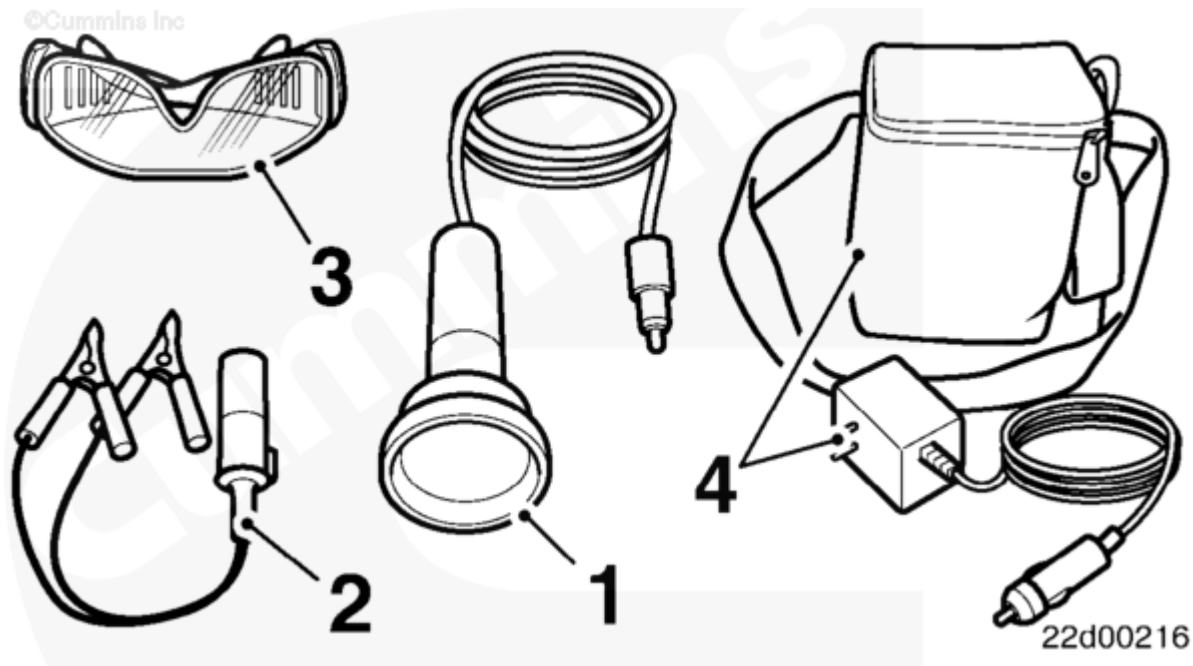

22d00083

Tool Number

3163338

Black Light Lamp (12VDC)

Black light with rechargeable battery and charger used with fluorescent tracer to locate oil and/or coolant leaks. Oil tracer Part Number 3376891, coolant tracer Part Number 3377438.

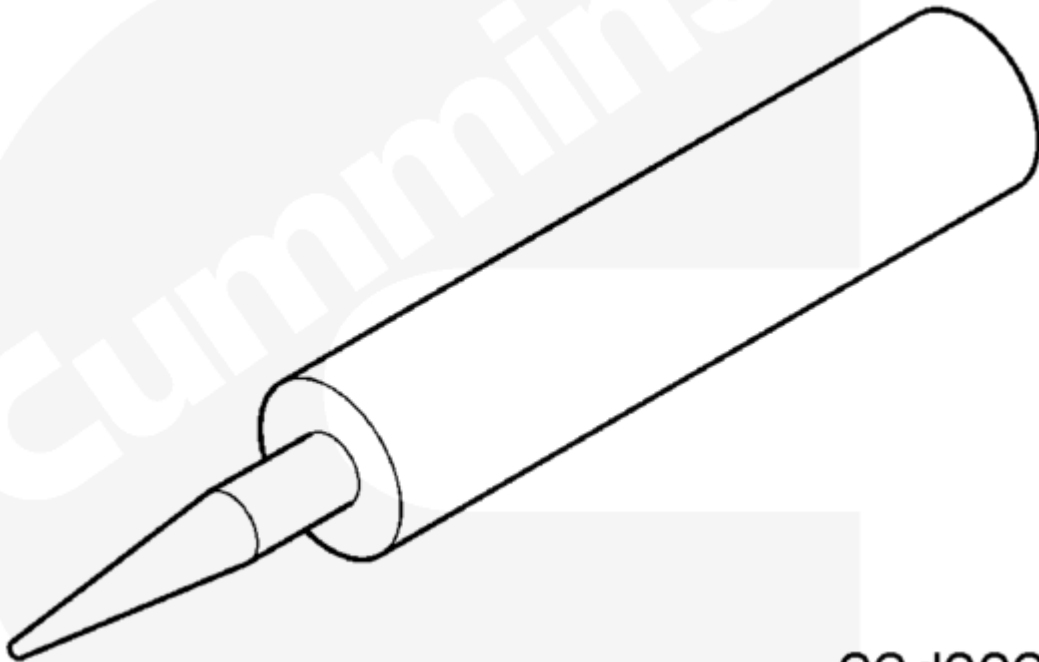

Tool Number

3164067

RTV Sealant

Used in most locations requiring RTV sealant.

©Cummins Inc

22d00220

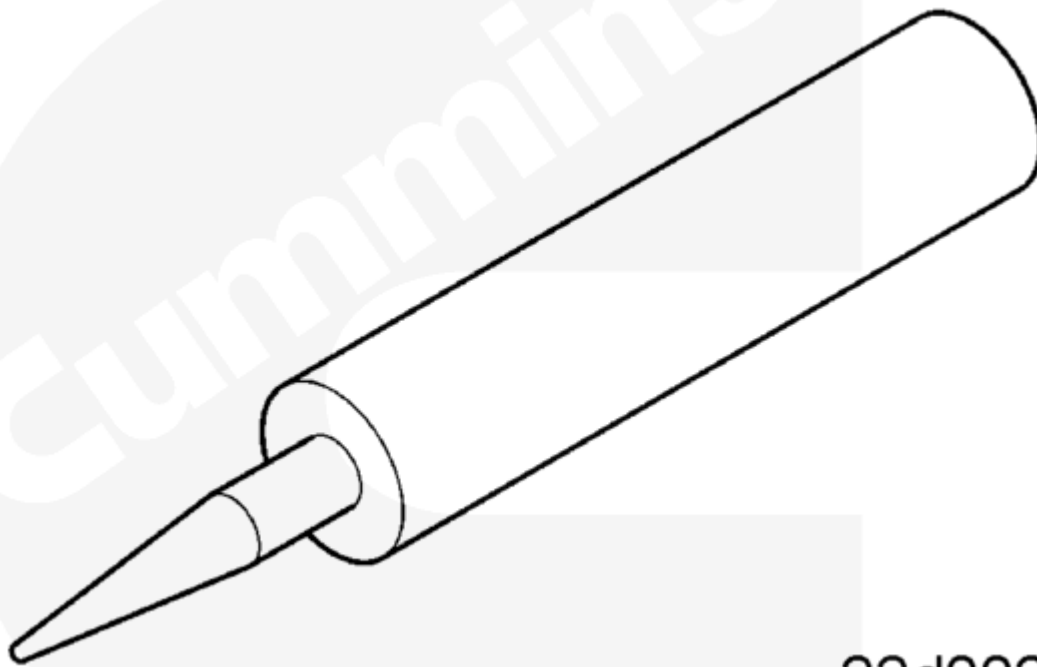

Tool Number

3164070

RTV Sealant

Used to seal rear gear housing to block, front cover to block, oil pan T-Joints and intake manifold to cylinder head joints. For rear gear train engines.
