New Engine Oil Pressure Transducer

New Engine Oil Pressure Transducer

Warranty Statement

The information in this document has no effect on present warranty coverage or repair practices, nor does it authorize TRP or Campaign actions.

Contents

Product Affected

- K19

Description of Change

This document announces a oil pressure transducer, oil pressure gauge, adapter harness, and oil pressure transducer ground wire.

Service Instructions

New adapter harness must be used when installing new oil pressure transducer and oil pressure gauge. See Table 1 below for part number information.

Ground wire **must** be attached to intake manifold as shown in Figure 1 or oil pressure transducer and oil pressure gauge will not function.

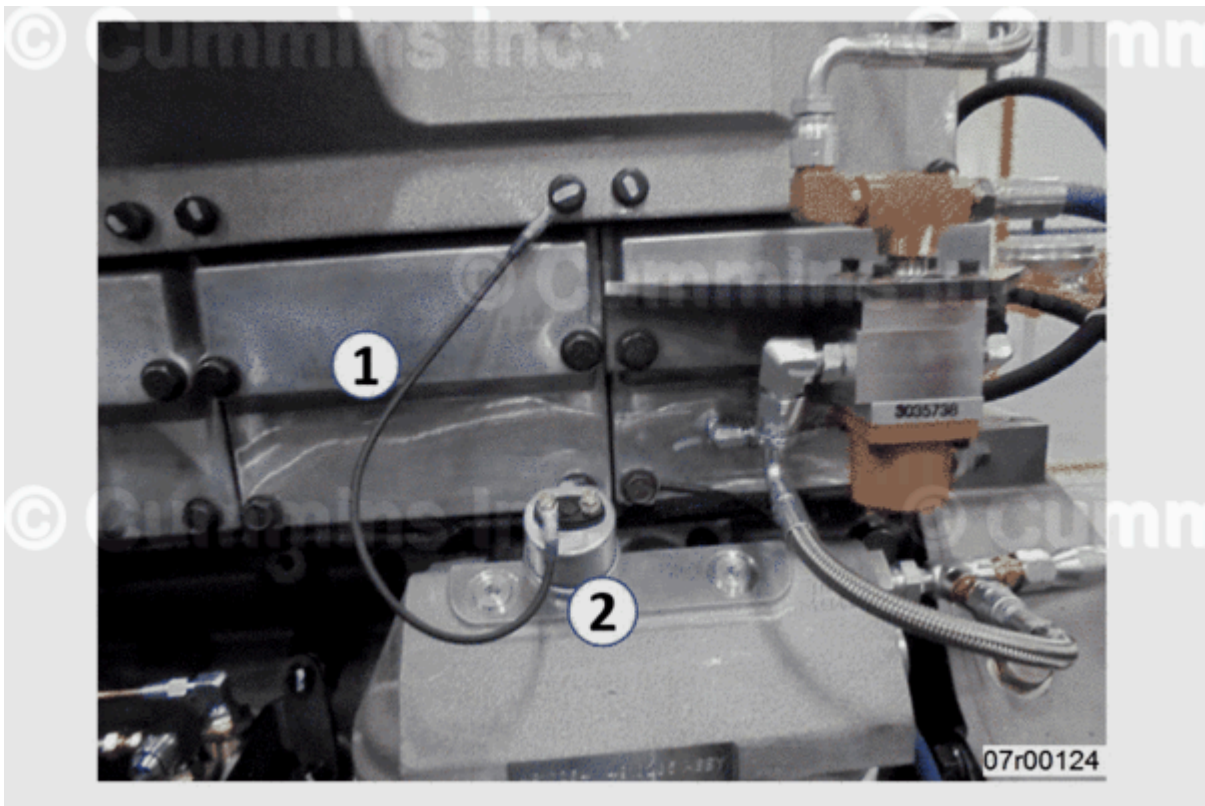

Figure 1, New Ground Wire and Transducer Installed.

1. New ground wire, Part Number 5483521.
2. New oil pressure transducer, Part Number 3917123.

Service Parts Availability

Service parts are available. See Table 1 for part numbers.

Table 1, Service Parts

Part Description	Existing Part Number	Obsolete	Superseded	New Part Number
Transducer	3015237	No	No	3917123
Wire, Ground	-	-	-	5483521
Gauge, Oil Pressure	3015232	No	No	5412975
Adapter, Electrical Connector	-	-	-	5483522

Part Identification

Figure 2, New Oil Pressure Gauge and Adapter Harness.

1. New oil pressure gauge, Part Number 5412975
2. New Adapter harness, Part Number 5483522

Production Status

Engines built after 26 July 2018 come with new oil pressure transducer, oil pressure gauge, and main engine harness, Part Nnumber 5413094, which does not require an adapter to connect to new oil pressure gauge.
