Table 1, Cylinder Liner Remover Plate, Part Number 3823784

Item	Part Number	Description	Quantity
1	3823784	Cylinder liner remover plate	1

Table 2, Items Used with Cylinder Liner Remover Plate, Purchased Separately

Item	Part Number	Description	Quantity
Not shown	3163745	Cylinder liner remover	1
Not shown	3162880	Liner remover plate	1

The cylinder liner remover plate, Part Number 3823784, is used to retain the upper deck salvage bushing when removing the cylinder liner.

Place the cylinder liner remover plate over the cylinder liner being removed and position the remover plate with the flat side clearing the adjacent liner. Position the cylinder liner remover, Part Number 3163745, onto the top of the cylinder liner remover plate and use the remover to remove the cylinder liner.
